Atty. Docket No.: P69488US0

REMARKS

In the Requirement for Restriction mailed August 1, 2005 (Paper No. 07262005), the Examiner stated that the captioned application includes four distinct inventions: Invention I, claims 1-10, 21 and 22, drawn to a slab system, classified in class 404, subclass 45; Invention II, claims 11-16, drawn to a connector system, classified in class 404, subclass 70; Invention III, claims 17-20, drawn to a connector system, classified in class 404, subclass 47; and Invention IV, claims 23-25, drawn to a method for assembling, classified in class 404, subclass 73.

Applicant hereby elects Invention III directed to the connector system, without traverse. Claims 17-20 read on the elected invention.

With this election, it is respectfully submitted that the present application is in condition for examination on the merits.
